CONSTITUTIONALITY MAY BE CARRIED TO SUPREME COURT

SPRINGFIELD, ILL., FEB. 28.—In an opinion rendered this afternoon to Secretary of State Woods, Attorney General Patrick Lucey declared unconstitutional the 1911 amendments to the state wide civil service law. These amendments materially increased the scope of the law placing employees of the offices of governor, secretary of state, auditor, treasurer and other state officers, and many boards and other commissions under civil service. It is said approximately two thousand positions are affected.

Based on Cook County Law.
To day's ruling of the Attorney General is based upon the same ground that the Cook county civil service law was declared unconstitutional by the supreme court recently—a conference committee amendments were not printed as provided by statute.

The attorney general says that after careful examination of the opinion of the supreme court in the case of *McAuliffe vs. O'Connell*, he is of the opinion that the court therein declares it to be the fundamental and constitutional law of the state, that before a bill or an amendment thereto can be enacted by the general assembly into law must be printed before its passage to insure its validity.

In applying the law thus declared by the court, the attorney general says, "resort must be had to the senate and house journals of the general assembly of 1911 at which time a substantial revision of the State Civil Service law was undertaken to be made by House Bill 47."

Among conclusions in the very voluminous opinion, it is also held: "That the house journal must affirmatively show that the senate amendments were printed before their final passage in that house and the journal of the house of representatives being silent as to the compliance with the said requirement of printing, as the constitution requires."

Among the cases cited by the attorney general in support of his position is that of *Nieberger vs. McCullough*, in which the appropriation for the medical school of the state university was knocked out for the identical reason that the law was held unconstitutional because conference committee amendments had not been printed before the passage of the bill. Secretary Woods, following the receipt of the opinion from the attorney general declined to make any statement of his position in the matter.

Ward R. Robinson, secretary of the state civil service commission, declined to discuss the opinion of the attorney general further than to say that any statement relative to same should come from the commission itself.

Hundreds of important positions are affected by the opinion which is likely to result in the effect of greatly increasing the number of applications for positions which will be received by Governor Dunne and other state officers within the next few days.

"We already have five thousand applications on file," said Governor Dunne tonight. "Can't you hold the story over until I leave for Washington? If the news gets out that some two thousand new places are open I am afraid we will be swamped with applications."

Among Positions Affected
Among the more important positions affected by the opinion are:
Secretary of state board of agriculture, salary \$300 per month.
Executive secretary board of charities, salary \$300.
Superintendent of M. & C. canal, salary \$208 per month.
Secretary civil service commission, salary \$291 per month.
Secretary educational commission, \$250.
Chief inspector employment agencies, salary \$300.
Chief factory inspector, salary \$250.
Superintendent farmers' institute, salary \$250.
Fish Warden, salary \$175.
Food commissioner, salary \$300.
Game commissioner salary \$207.34.
Secretary State Board of health, salary \$300.

PRISONERS RELEASED

U. S. Government Orders
Release of All Mexicans
Held On Border

TENSION IS RELAXED

Administration Evinces Belief in
Stability of Huerta
Government

WASHINGTON, FEB. 28.—The administration in two actions today evinced its belief in the stability of the Huerta government of Mexico for the present at least. In the first place orders were sent to the military commanders from California to Texas to release all of the Mexican refugees whom they had captured on the American side. This was done because these prisoners who are few in number can no longer be regarded as rebels in view of the successful revolution in Mexico. In the second place a safe conduct was granted to Col. de la Fuente and the members of his party, now somewhere in the vicinity of Juarez, to proceed to San Antonio, where an important conference is to be held between the Mexican factions in the interest of peace. The confirmation of the first reports of the killing of Emilio Madero, the third of the family to pay the extreme penalty, is regarded as another move in the direction of peace, renouncing as it does a resourceful and implacable rebel leader.

From various quarters came reports of the adhesion of rebel chiefs to the new government. Cleo Campos, one of Orozco's ablest lieutenants with 700 former rebels, today entered Gomez palace in accord with an escort by federal troops. Consul Hamm telegraphed from Durango that the local situation is vastly improved, that the new administration is very popular with the better classes, who though heretofore holding aloof from politics, now have determined to co-operate with the government to restore order.

Though the six warships now in Mexico ports will continue there for the present, the tension has so relaxed that Admiral Badger today was authorized to resume the routine drills and maneuvers with the big fleet off Guantanamo which for the last week has been kept under banked fires in readiness for instant departure for Mexico.

The announcement of the candidacy of General Felix Diaz for the presidency, though expected, has excited some interest here as it felt that the development of his campaign will speedily disclose the existence of any rival candidates and apply the acid test to the existing friendly compact between Diaz and Huerta.

Rebel Leaders Gathering.

El Paso, Texas, Feb. 28.—Rebel leaders are gathering here for a peace meeting to be held at Ahumada, a station on the Mexican Central railway between Juarez and Chihuahua City, where General Pascual Orozco, Jr., is reported to have been located during the last few days. Coming to confer with the missing rebel commander in chief are Marcelino Carraveo and Inez Salazar, the two chief leaders of the northern rebels. Each is reported to be moving with armed forces. Carraveo has been near Chihuahua City, where a truce was arranged with General Antonio Rabago, even before the sudden ending of the Mexico City revolt. Salazar's troops have been at Azencon, southwest of Juarez.

The location of Orozco at Ahumada appears to be well established. He has been missing since the rebel defeats about Ojinaga last September.

Col. de la Fuente, Salazar's chief of armed minister of communications of General Huerta's provisional cabinet, is expected to return here. The special train bearing De la Fuente and political refugees which left here cannot proceed south of Chihuahua City, owing to damage done to the government railway by mutinous volunteers. De la Fuente since he cannot enter Mexico at Laredo, doubtless will attend the projected conference at San Antonio.

YOUNG BANDITS HELD

Chicago, Feb. 28.—Having confessed themselves guilty of 62 robberies charged against them, all committed within 12 days, four young bandits ranging in age from 18 to 24 years, were held to grand jury today. A similar instance of youthful brigandage was confessed to in the Desplaines street police station when George J. Schendler, the 17 year old leader of a "gang," admitted the perpetration of eight burglaries and holdups, including the blowing of five safes. Their aggregate booty was only \$100.

STRIKE DECLARED OFF.

New York, Feb. 28.—The Garment Workers' strike, in progress here since early in January, involving at its height 150,000 or more workers, was officially declared off today. The workers accepted the manufacturers' terms, which included a raise in pay, revision of certain working conditions, arbitration as to hours and the open shop principle.

START MOVEMENT TO ESTABLISH CLAIM

FRIENDS OF COL. LEWIS INSIST HE
HAS BEEN ELECTED

Brief of Case is Being Prepared by
Attorney General Lucey—Republicans
Affirm That Lewis Has no
Claim on Senatorship.

SPRINGFIELD, ILL., FEB. 28.—A movement started by friends of Col. John Hamilton Lewis this morning to establish his claim to the long term United States senatorship, based on yesterday's proceedings in joint session of the legislature. Senator Kent E. Keller of Ava is at the head of the movement. A brief of the case is being prepared to present to Attorney General Lucey, who will be asked to render an official opinion as to the status of Colonel Lewis in regard to the senatorship.

It is necessary that the matter be passed upon without delay. The general assembly will reconvene March 12 and it must be known by that time whether or not Colonel Lewis has a claim to the long term senatorship. If he has, no more ballots on that office will be taken. If Colonel Lewis has not been elected it is necessary to resume balloting for the office on that day.

Attorney General Lucey made a request of B. H. McCann, clerk of the house, this morning for a certified copy of yesterday's joint session proceedings. Assistant Attorney General Ramsey visited Mr. McCann's office and presented the attorney general's request. The certified copy will be delivered to him this afternoon.

Colonel Lewis was kept to his room this morning. Senator Keller stated the colonel had been in a serious condition physically for several days and should have kept to his bed. If Senator Keller's wishes and advice are observed, Colonel Lewis will not leave his room for several days.

Senator Keller conferred with Governor Dunne this morning and went over with the executive the situation as it appears to him. He is absolutely confident that Colonel Lewis' title to a certificate of election is as clearly established as could be. He has absolutely no doubt as to the outcome.

Governor Dunne maintains the same position as yesterday. He says it is a matter for others to pass upon and he will take no action until the matter is laid before him. Then he will refer it to the attorney general for an opinion.

Attorney General Lucey advises Governor Dunne that in his judgment, Colonel Lewis was legally elected and is entitled to a certificate of election. Governor Dunne will issue the certificate without further question.

It is possible the governor will seek other legal advice in the matter, although he will not said so. If legal advice is presented by friends of Colonel Lewis tends to prove that Colonel Lewis has a clear title to the senatorial seat and Attorney General Lucey should hold otherwise it is likely that the governor and attorney general will confer on the matter before a final decision is reached.

Republicans still in Springfield made light of the activities evidenced by Attorney Keller. They insist that Colonel Lewis has not even a shadow of a claim on the senatorship. Most of the night was spent by several legal lights of the republican side going into the authorities and precedents and it is on their findings that the Republicans maintain that no senator was elected yesterday.

After all, it is admitted by both sides that it is solely a matter of what the United States senate chooses to do. Even if the authorities here should decide that Colonel Lewis has absolutely no claim to the senatorship, and Governor Dunne should decide not to issue a certificate of election to him, Colonel Lewis might take the matter directly to the United States senate. If that body chose to do so it could take cognizance of the situation, conduct its own inquiry into the facts and decide for itself whether or not Colonel Lewis was entitled to sit in that body.

Either this procedure could be resorted to or Colonel Lewis or his friends might institute mandamus proceedings against Governor Dunne to compel him to issue a certificate of election. Such a proceeding, of course, would be friendly in nature and would merely shift from the attorney general to the supreme court the question of Colonel Lewis' election.

JAPS LEAVE FOR BRAZIL.

Seattle, Wash., Feb. 28.—One thousand Japanese emigrants will leave Kobe for Brazil tomorrow on the steamship Waukau Maru, to found a colony on 50,000 acres of land held under lease by Japanese, whose colonizing operations are under patronage of the Japanese government.

BUST OF CANNON PRESENTED.

Washington, Feb. 28.—A marble bust of former Speaker Cannon presented by a group of friends in the house, with the expressed hope that it be placed in the house office building was accepted today in a resolution introduced by Republican Leader Mann.

Chicago, Feb. 28.—Drugs were blamed by Floyd Miller, 21 years old son of Chas. E. Miller, formerly city treasurer of Omaha, for his arrest today on a charge of violating the Mann act. Miller admitted his guilt, but said the use of opium had made him irresponsible.

MANY PERISH IN HOTEL FIRE

SCORE OF PERSONS ARE BE-
LIEVED TO HAVE MET DEATH

Register of Omaha Hotel is Lost in
the Flames and the Names of
Those Burned Will Never be Known
Old Building was Fire Trap.

OMAHA, NEB., FEB. 28.—A score of bodies—perhaps more, hardly less—are believed to lie tonight beneath the debris of the fire which early this morning destroyed the Dewey hotel at Tenth and Farnam streets. Ceaseless toil during the day and late into the night of firemen and other city employees failed to reveal the bodies of the guests of the little hostelry who lost their lives. Estimates of the number of victims which ran as high as 75 dwindled during the day to as low as ten or a dozen, but all indications tonight were that at least a score and possibly more persons lost their lives in the fire.

Register is Lost.
The register of the hotel so far as is known was lost in the fire and the names of those who died in the flames will probably never be known. Tonight only four bodies of victims had been recovered. These were those of persons who either jumped from open windows or who died from exposure or injuries. They were:

Charles Cummings, a bartender. Unidentified man.
Mrs. Alice Bonnevive, sister of Mrs. C. E. Wilkins, wife of the proprietor of the hotel.

Charles Beverly, employed by a local commission firm.
Cummings' brother arrived in the city this morning from Pittsburgh to visit him, only to learn of his tragic death. Cummings jumped from the third floor to the sidewalk, his head and body being badly crushed.

Building An Old One.

The fire occurred at an hour when few persons were in the vicinity and the interior of the building which was an old one, was a mass of flames before the firemen arrived. Not less than 50 persons were sleeping in the building at the time and estimates of the number are as high as 75. At least 30 are known to have made their escape from the structure. Many were scantily clad. They ran to nearby restaurants and drug stores where they were cared for until taken either to the Emergency hospital or to other hotels.

About a third of the guests were Nebraska who had come to the city to attend the automobile show. Most of these had rooms near the two exits and so far as known all escaped to the street although most of them lost their clothing and valuables and several received more or less serious injuries. Owing to the inflammable nature of the interior the fire was so intense that firemen did not get the flames under control for several hours after it started. When they finally were able enter the structure it had been gutted and the entire interior had two exits and so far as known all escaped to the street although most of them lost their clothing and valuables and several received more or less serious injuries. Owing to the inflammable nature of the interior the fire was so intense that firemen did not get the flames under control for several hours after it started. When they finally were able enter the structure it had been gutted and the entire interior had been removed the exact number of dead will not be known.

No Bodies Recovered.

At a late hour tonight no bodies had been recovered from the ruins. It is not expected any of them will be unearthed by morning. A partial identification of the unidentified man was made as that of Renfree Richard, former Wyoming state inspector of brands, but now connected with the Union Stock Yards of South Omaha.

The loss is estimated at \$160,000 practically covered by insurance. The Dewey Hotel was commenced some time ago by the state fire warden.

WHITE SLAVER GOES

TO SING SING.
New York, Feb. 28.—George A. Grandon, a mild little clerk and erstwhile choir singer, was sentenced to Sing Sing for seven years and six months today as a white slave. He was convicted of luring young girls to an apartment he had fitted up in Harlem.

"You deserve death more than any cold-blooded murderer who ever appeared before me," said Judge O'Sullivan in passing sentence.

PASS BILL OVER VETO

Senate Passes Webb Li-
quor Bill Over Presi-
dent's Veto

OPINION IS NOT READ

Senators Pass Bill Without
Reading Attorney Wicker-
sham's Opinion.

WASHINGTON, FEB. 28.—The Webb liquor bill, prohibiting the shipment of liquor into "dry" states was re-passed in the senate to day over President Taft's veto within two hours from the time the president's message of disapproval had been laid before that body. A short debate in which the advocates of the bill voted down a motion to postpone action until tomorrow and in which they re-affirmed their belief that the measure is constitutional ended with the re-passage of the bill by the large majority of 63 to 21.

The Webb bill was passed by both houses of congress and went to the president ten days ago. His veto message reached the senate about 3 o'clock to day accompanied by an opinion from Attorney General Wickersham. Basing his decision upon the attorney general's findings, the president expressed the belief that the measure was clearly unconstitutional because it gave the states the right to interfere with the inter-state commerce.

Opinion Not Read.

Attorney General Wickersham's opinion was not read and Senator Kern asked that final vote on the overriding of the veto be delayed until tomorrow so the senators might have opportunity to examine the attorney general's opinion. The motion to postpone the vote until tomorrow was defeated 71 to 12. Senator McCumber declared both the president and the attorney general had misconstrued the grounds upon which congress had passed the prohibition law. He said it had not attempted to give the states the right to interfere with commerce, but had simply declared liquor an "out-law" and had then prescribed conditions under which it might enter inter-state commerce. Senator Kern also briefly urged re-passage of the bill, while Senators Paynter and Percy advocated support of President Taft's veto.

The Senate Vote.

To override the president's veto. Senators Ashurst, Borah, Brady, Brewster, Brown, Bryan, Burnham, Burton, Chamberlain, Chilton, Clapp, Clarke (Ark.), Crawford, Culberson, Cullum, Cummings, Curtis, Dillingham, Dixon, Fall, Fletcher, Gallinger, Gable, Gardner, Gore, Groner, Jackson, Johnson, Johnston, Jones, Cavanaugh, Kenyon, Kern, Lea, Lodge, McCumber, Martin, Myers, Nelson, Newlands, Oliver, Overman, Owen, Page, Pittman, Poinexter, Shepperd, Shively, Simmons, Smith (Ariz.), Smith (Ga.), Smith (Md.), Smith (Mich.), Smith (S. C.), Smoot, Swanson, Thurston, Tillman, Townsend, Webb, Williams, Works.

Total, 63.

To sustain the president: Senators Bradley, Brandegee, Catron, Crane, DuPont, Foster, Guggenheim, McLean, Martine, O'Gorman, Paynter, Penrose, Percy, Perkins, Pomerene, Richardson, Root, Stephenson, Sutherland, Warren, Wetmore. Total 21.

Effort will be made tomorrow to override the veto in the house. Representative Clayton of Alabama will move to take up the veto for the purpose of passing the bill over the president's head as soon as the house convenes. Representative Webb, author of the bill declared he had absolute confidence that the house would pass the bill by more than two-thirds majority.

Vote Two Battleships.

Two battleships were voted into the naval appropriation bill by the senate tonight after a short discussion of the provision adopted by the house limiting the building program to one battleship. The two battleship amendment offered by the naval committee of the senate was adopted 56 to 16. The amendment by Senator Brandegee, providing for three ships was defeated 2 to 48.

The senate also added to the six torpedo boat destroyers and four submarines authorized by the house, one transport to cost not more than \$1,850,000 and one supply ship to cost not more than \$1,425,000, the figures in both cases being exclusive of armor and armament. The two battleships would cost not more than \$7,425,000 each, exclusive of armor and armament. At the end of an extended debate it was provided that one of the battleships should be built in the government navy yard after the senate had defeated an amendment by Senator Oliver to provide that the government build one ship only in case the cost did not amount to more than \$500,000 over the cost of building in a private ship yard.

The defeat of the two battleship program in the house is looked for by many members of that body. The house voted one battleship after a long struggle and the one battleship advocates declare they will hold up the entire appropriation bill rather than accept senate amendments adding the second ship. The bill as agreed to tonight carries a total appropriation of approximately \$150,000,000.

VICE-PRESIDENT ELECT ARRIVES IN WASHINGTON

MARSHALL AWAITS INAUGURATION
NEXT TUESDAY

First Inauguration Ceremony Being
Over Members of Committee Now
Turn Their Attention to Finishing
Touches For Wilson's Reception.

WASHINGTON, FEB. 27.—Thomas R. Marshall of Indiana reached Washington today ready to become vice-president at noon next Tuesday. Coming directly from Trenton and conferences with President-elect Wilson, the vice-president-to-be found a welcome at the city gates to his liking, there being no ostentation marking this first ceremony of the inaugural program to jar his oft-expressed ideas of Jeffersonian simplicity.

Accompanied by Mrs. Marshall, the future vice-president was met at the railway station by a committee of senators, representatives and citizens. In the presidential suite at the station a brief informal reception was held by Henry B. F. MacFarland, chairman of the reception committee, welcomed the distinguished guests on behalf of the city and in turn Senator Kern and Representative Lincoln Dixon of Indiana received them on behalf of congress.

Mr. and Mrs. Marshall were then escorted by Senator Kern and Mr. MacFarland to the hotel, where they are to make their home.

Mr. and Mrs. Marshall rested throughout the afternoon, receiving a few personal friends.

Banquet Abandoned.

Plans for a dinner tonight with Mr. Marshall and members of the Indiana society as guests, were abandoned, and the vice-president-elect spent the evening quietly at his hotel.

The first inaugural ceremony over, the members of the inaugural committee turned their attention to the finishing touches for the reception of the President-elect. A request from Mr. Wilson necessitated quick action and served as an indication that he is to announce his cabinet very shortly, and the plans also to name a secretary of the department of labor, created by the bill now awaiting President Taft's signature.

Ten Seats Reserved.

The president-elect requested that ten seats be reserved on the floor of the senate for members of his cabinet during the vice-presidential inauguration and that ten seats for their wives be reserved in the senate gallery. The request was complied with at once.

The president-elect and Mrs. Wilson will arrive in Washington Monday afternoon. Thomas Nelson Page, chairman of the reception committee, will meet them at the train and escort them to the presidential room in the station, where the reception committee will await them. All plans for the inaugural ceremonies have been completed; the city is afluster with gay decorations and every incoming train is crowded with visitors. It is estimated that ten thousand arrived today and tonight.

Tomorrow and Sunday fifty thousand are expected to reach the city and preparations have been made to accommodate two hundred thousand visitors by Tuesday.

Mr. Marshall said tonight that while he was aware of the personnel of President-elect Wilson's cabinet he preferred not to give an intimation regarding Mr. Wilson's selections. He added that he was not aware that the president-elect contemplated having him meet with his cabinet but that if Mr. Wilson desired it he of course would do so.

RS. MUSSO ACQUITTED.

Chicago, Feb. 28.—Mrs. Antonio Musso was tonight found not guilty of the murder of her husband, Peter Musso, by a jury in Judge Cooper's court. She shot him with a revolver, when he said he was threatening to kill her with a razor. The shooting was the culmination of a series of quarrels.

A proposal made by Senator Ashurst for an investigation of the armor plate contracts about to be made by the government for the battleship Pennsylvania was defeated on a point of order. Senator Ashurst said that representatives of the Carnegie, Bethlehem and Midvale steel companies comprising the "armor plate trust," had all stopped at the same hotel in Washington and had frequently been together prior to the opening of the government bids. When bids were opened he said, they did not vary \$1 a ton.

Senators who voted against the two battleship amendments were Bacon, Bristow, Burton, Gore, Johnson, Kern, LaFollette, Lea, McCumber, Myers, Pittman, Pomerene, Shively, Smith, (Ga.) Smith, (S. C.) and Thomas.

The bill finally passed the senate just before midnight after Senator Thomas of Colorado, had made a final and unsuccessful effort to secure the adoption of a one battleship amendment. In order to enforce its two battleship program and to hasten the settlement of the issue with the senate, named Senators Perkins, Penrose and Tillman as a conference committee to meet a house committee in case the house refuses to accept the two battleship amendment.

REPORT FINDS THAT MONEY TRUST EXISTS

Majority Report is Signed
by Chairman Pujo and
Six Other Democratic
Members of Committee

MOST ACTIVE AGENTS NAMED

J. P. Morgan & Co.; First National and National City Banks and Kuhn, Loeb & Co., of New York are Among Those Named as Most Active Agents in Bringing About Concentration of Money and Credit.

TWO OTHER REPORTS ARE SUBMITTED

WASHINGTON, FEB. 28.—Three divergent reports were presented to the house today by the members of the committee which conducted the money trust investigation. The majority report signed by Chairman Pujo and the six other Democratic members of the committee found that a money trust exists according to their understanding of the term. This report names as "the most active agents in bringing about the concentration of money and credit," J. P. Morgan & Co., First National and National City banks, and Kuhn, Loeb & Co., of New York, Lee Higginson and Kidder Peabody and Co. of Boston. Two bills accompanied the report, one forbidding the use of the mails to stock exchanges which fall to observe prescribed stringent regulations as to the conduct of their business and other prescribing rigid rules for the conduct of national banks, their officers and clearing house associations as to which they belong. This report is substantially in accord with the conclusions presented to the committee by Samuel Untermyer, counsel.

Concentration of Credit.

The first minority report signed by Representative Hayes of California, Head of Delaware and Guernsey of Maine, Republicans set forth that the investigation "has not disclosed the existence of any so-called money trust," but added, "it has, however, disclosed a dangerous concentration of credit in New York City and to some extent in Boston and Chicago."

"While agreeing substantially with the majority," said the report, "on many of the abuses to be corrected in the financial system, the stock exchanges and the clearing house associations the undersigned have doubts as to the wisdom of some of the remedies proposed by the majority."

This report further sets forth the belief that before definitely recommending any remedial legislation testimony should be taken covering more fully the effect of the various changes in the laws that have been suggested.

"It is manifestly impossible," the report concludes, "that any of the proposed legislation can be considered by this congress and it seems thus wise to leave the matter of recommendation to those who will be charged with the responsibility of formulating and reporting such legislation to congress."

An individual minority report filed by Representative McMoran of Michigan, Republican was a flat detailed disagreement with the recommendations and findings of the majority.

"While I believe that attention has been called to grave deficiencies in our financial laws, I also believe that a sinister light has been thrown over banking practices, which was not justified by the facts, that no effort has been made to show the reasonable and commendable explanations of these practices, and that in many cases an impression has been given to the country as to the character and motives of leading bankers which is altogether unfair. A sentiment has been created throughout the country against Wall Street and many of our good citizens do not realize what it means that New York has become one of the world's leading money markets and that the banks of New York and their associates are now able to handle large transactions which they were unable to handle only a few years since."

"I feel that every American citizen should be proud of the fact that we have a city where there is sufficient capital to handle these enterprises, and should take pride also in the character and integrity of the men who are at the head of its financial institutions."

Mr. McMoran declared the proposed scheme of regulating stock exchanges "drastic and unwarranted," and that there was "no real evil" in interlocking directorates.

EAST MAUVAISTERRE DRAINAGE AND LEVEE DISTRICT FORMED

Decree Entered in County Court Friday—Commissioners Named by Court.

A decree forming the East Mauvaisterre Drainage and Levee district was entered in the county court Friday and J. A. Moss, Harry E. Ogilvie and Fletcher Blackburn were named as commissioners by Judge Brockhouse. The first duty of the commissioners will be to organize, appoint an engineer and have a preliminary survey of the improvement made.

The movement forming this district was started by E. E. Crabtree, Standfield Baldwin and W. J. Moore, who circulated a petition and interested landowners in the project last July. It was first intended to have the district comprise a stretch ten miles long, commencing at the Chicago, Peoria & St. Louis Railroad company's right of way, and following the creek ten miles west. The first meeting was held at the court house in this city in September and the west terminus of the district was set at the Wabash Railway company's right of way.

Since the meeting held here, the land owners on the west half decided that they would rather not have the improvement and at a meeting held recently at the office of L. O. Vaught at which all parties interested were represented, the land owners on the east end decided that rather than pay the cost of litigation they would allow the members on the west end to withdraw. This action cut the district in half, and instead of comprising the original ten miles of territory there are only five miles the west terminus now being at the road that runs north and south through the John Noonan farm.

Along this five mile stretch there are fifty-five farms that will be directly benefited by the improvement and it is estimated that when completed the work will reclaim about 1,500 acres of land. There is already a Mauvaisterre Drainage and Levee district in Scott county, which explains the name East Mauvaisterre, given to this district.

It is expected that the commissioners will be officially notified of their appointment as such today and it is not at all improbable that they will hold a meeting today and get the work under way at once. Their first duties will be to appoint a competent engineer and have a preliminary survey of the work made. Later they will be called on to determine the exact boundaries of the district, the width and depth of the ditch, and such other questions that will arise. The construction work will not, in all probability, be started for three months.

F. E. Walling, a farmer living near Yukon Mo., strongly recommends Foley's Honey and Tar Compound and says: "I have been advised by my family doctor to use Foley's Honey and Tar Compound for my children when there was a cough medicine needed. It always gives the best of satisfaction and I recommend it to others." City Drug Store—J. A. Obermeyer.

ILLINOIS DEAF MUTES MARRY.

Two deaf mutes were married in Duquoin, the principals being Morris Purviance of Springfield, Ill., and Miss Grace Nichols of Duquoin. The ceremony was performed by Justice H. R. Kirk, the deaf and dumb code being used. The wedding is the culmination of an courtship begun when the bride and bridegroom were attending the state institution for the deaf at Jacksonville. They will reside in Springfield.

White Hall vs. Petersburg.
White Hall proved an easy prey for Petersburg in the third and final game of the afternoon. Winterbauer played the most consistent for Petersburg and Morrow and Marshall for White Hall. The score in the first half was 22 to 7 and in the second half 35 to 11 in favor of Petersburg. The score:

Manchester 11; White Hall 25.

The first game of the two played in the evening was between Manchester and White Hall in which the latter won by a score of 25 to 11, thus eliminating Manchester from the tournament. Again in this game Lakin starred, making the only 11 points gained by Manchester. The Manchester fellows are hard working and were deserving of praise for the grit they displayed.

For Manchester Lakin made three field baskets and three foul baskets. Fouls called, on Jasper 1, Harry 1; Baldwin 1; Morrow 2; Richert 1; Kirgan 1. The score in the first half was 6 to 16 in favor of White Hall.

Chandlerville 24; Griggsville 22.
Playing basketball in whirlwind fashion Chandlerville and Griggsville battled seven minutes over time to decide which was the better team. In the first half of the game Chandlerville played stronger, the score being 6 to 14. In the second half Griggsville took a wonderful brace and about five minutes before the game was over succeeded in tying the score, making it 22 to 22. The gradual advance made by the Griggsville team and the strenuous way the two teams went at it kept the big crowd on their toes every minute and it is safe to say that no game ever played on the local floor brought forth such a storm of cheers and hurrahs. When Griggsville tied the score the noise was deafening. When Griggsville slipped one in the basket all the spectators started to leave the hall, but the referee's whistle and the quick action of some of the high school boys got the crowd back. Farrand of Griggsville on account of the big noise did not hear the referee blow his whistle and so tossed the sphere in after the whistle. After the crowd was quieted Chandlerville made two or three desperate struggles and finally tossed the ball in the basket. Lewis was the star for Chandlerville being fed well by his partners and making 20 of the points won by his teammates. Farrand worked for Griggsville, as did Groves. The playmate of these two teams today will be watched with increased interest.

A CORRECTION

To the Editor of the Journal: ... I thank you cordially for the splendid report of my little talk on Mexico at Centenary church Thursday night. Permit me to correct two errors of your reporter which are misleading. "President Diaz found a populace ninety-three per cent of which was illiterate and left one between twenty and twenty-five per cent illiterate. President Madero's people were those that Diaz left when he was experimental, so your report should have said seventy-five per cent instead of over ninety per cent illiterate. It is easy to make these slips in writing memoriter, of a ninety minutes speech.

PUTS MANY OFFICES OUT OF CIVIL SERVICE

(Continued From Page One.)

May Go To Supreme Court.
The constitutionality of the law will undoubtedly be carried to the supreme court. It will probably go up through injunction proceedings by some discharged employee who may endeavor to restrain his department head from discharging him.

The immediate effect of the opinion of the attorney general will be to cause a panic among the many hundreds of civil service employees who now expect to be soon succeeded by friends of the new administration.

In the memorable mandamus case brought by Gullett, Peeks and Williams, clerks in the secretary's office and who brought action for mandamus to compel Auditor McCullough to pay vouchers without certification from the state civil service commission, it was agreed not to go into the question whether 1911 amendments had been passed constitutionally.

The civil service commission is under the 1905 law but the amendments brought the secretary of the commission, with a \$3,500 salary, under the law.

Under the opinion rendered to day by Attorney General Lucey, civil service is lifted from every department of state charitable institutions and employees of state board of charities.

One slight rift in the clouds has kindled a ray of hope in the minds of some of the civil service employees and advocates. The supreme court already has passed upon the constitutionality of the act and in other instances the court has refused to consider the constitutionality of statute upon which it already has passed.

The fact that the court passed upon the law from an entirely different angle, however, from the contention now raised, makes it extremely doubtful whether it will elect to stand upon its former decision without entertaining the new contention.

A large majority of the 2,000 men and women whose positions were affected by the attorney general's opinion are Republicans, or were given their positions through Republican influence.

Governor Dunne has received 9,000 applications for appointments. The other state officers have been besieged in proportionately overwhelming numbers. It is anticipated that the attorney general's opinion will renew the onslaught and greatly increase the number of applicants for positions.

Declares Lucey Wrong.
Chicago, Feb. 28.—State civil service Commissioner William B. Moulton here tonight declared that Attorney General Lucey was wrong at all points in attacking the validity of the amendments to the civil service law.

"Our record is perfect as to the formalities preceding the passage of the bill," he said. "Mr. Lucey's contention that the bill was not passed because it was not printed is a wrong one because the records of both the senate and the house read that the bill was printed. The supreme court has declared that on a question of fact it will not go back of the journal of the legislature. The question of the bill having been printed is settled right there."

"This entire matter has been before the supreme court in the case of the Chicago municipal court. The supreme court upheld the municipal court act, and when it was brought up again in the February term of supreme court, the court refused to open the case when an attempt was made to impugn the validity of the act on the ground that formalities were neglected in its passage. The rulings of the supreme court in the municipal court case completely covers the civil service amendments act, and I am surprised that the attorney general did not inform himself of the supreme court rulings before he gave out this ill considered opinion."

Mr. Moulton criticised Attorney General Lucey for his action in attacking the civil service law.

"It is my opinion of the duties of the attorney general," said Mr. Moulton, "that he is there to defend the law and uphold it against attacks. It is no part of his office to attack the law himself. Yet here we have this high official trying by his own act to nullify provisions of the law."

"However, a mere opinion of the attorney general does not nullify the law and let not be forgotten that the amendments to the civil service act are still in full force and effect. I think it is likely that Secretary of State Woods may take this opportunity to make a number of appointments in accordance with the attorney general's opinion rather than with the state law. Such appointments will refuse to recognize. That situation may bring the question before the court. Meanwhile the law is in force, and the commission will enforce it."

FORMER JACKSONVILLE BOY "MAKES GOOD"
Friends here have received word that John C. Kelley, a former resident of this city, has resigned his position with the Chicago & Alton at Bloomington, to accept a position as general foreman for the J. T. McGraft Machine Manufacturing Co. Mr. Kelley attended the parochial schools here and was for a time employed in the local C. P. & St. L. freight office, later being transferred to the office in Springfield. He later resigned that position and took one in the shops, where he learned the machinist trade and afterward came to Jacksonville. He resigned a position at the local shops two years ago and went to Bloomington, where he has since been employed in the Chicago & Alton shops. After a year in the shops there he was promoted to machine inspector and two months ago was again promoted, this time to the position of assistant tool room foreman. His many friends both in this city and Bloomington will wish him success in his new position.

WOMAN'S COLLEGE FUND COMPLETED

SIXTY THOUSAND GOAL WAS REACHED AT 9:30 FRIDAY NIGHT.

Mr. Strawn Glad That Conditions of His Pledge Are Met—Dr. Harker Was Donor of Final \$2,000—Expresses Appreciation to People of Jacksonville and Promises to Build Great College Here—Campaign Result Creditable to Workers and to Hundreds of Generous Contributors.

At 9:30 o'clock Friday night Dr. J. W. Harker telephoned to Mr. Julius Strawn that Illinois Woman's college was ready to receive the \$10,000 he pledged and Mr. Strawn replied that he glad to have to pay the money. At the hour mention the total pledges were \$60,185 and so the goal was reached. It was a time of thanksgiving and rejoicing and when a company of one hundred and seventy-two college girls marched from the college and invaded the headquarters above the Peacock Inn, to join in the celebration it can well be imagined that there was some real enthusiasm.

At the noonday luncheon Friday it developed that it would be necessary to raise \$2,500 during the day in order to secure \$2,000 pledged if the whole sum secured by Friday at midnight. The workers had already been busy during the morning hours and still greater activity prevailed during the afternoon. The telephones were kept busy and the work of solicitation was at its very height.

The Goal Is Reached.
At 8 o'clock a goodly company of contributors and workers gathered at the headquarters. E. E. Crabtree chairman of the endowment committee presided.

Early in this session Mrs. E. C. Lambert had the pleasure of announcing a pledge of \$1,000 by Miss Mary and Sara Mayfield, former students of the Woman's College. Their brothers Wellington and Goudy Mayfield of Chicago joined with them in the splendid memorial gift. The pledge came Friday afternoon in time of real crisis. Other pledges were announced and after some figuring had been done it was stated that the fund was about \$733 short. Then workers were given the opportunity to announce increase they had secured and later new subscriptions. It was not long until \$59,950 was seen to be the figure and then further subscriptions were made by those present which made the total \$60,185 thus allowing something for shrinkage. Had the full sum not been secured there is no doubt but that \$1,000 could have been secured from those present for there was not one person there who had not come with the thought in his or her heart that if necessary the purse strings would open once more.

Before the final contributions were made which brought the total up beyond the standard which had been set Dr. Harker announced that the sum who made the \$2,000 pledge was none other than Dr. J. B. Harker, thus bringing his contribution to the fund up to \$8,000.

Dr. Harker Makes Promise.
When it was known the fund was completed and that the College had won Dr. Harker made a brief address telling of his great appreciation for the assistance given in the work and for the splendid generosity shown by contributors. He told of meeting recently a man of wealth who said to him "Dr. Harker there is no use wasting time trying to build a great college down at Jacksonville. It is not the right location. You say the word and I will pledge you that \$1,000,000 can be raised for locating a college in a city I shall name."

Dr. Harker's reply was "say nothing more. I do not want to hear anything of the kind. A great college can be built in Jacksonville and I want to lead in the work." Further he said: "I want to say to you that Jacksonville has made good and justified the faith that I have had in the city and in the friends here and I pledge you tonight that with the help of the Almighty we will build here a great college." Then Dr. Harker spoke of his long friendship with Mr. Strawn and of the obligation for the pledge of \$10,000 which formed the working basis for the whole campaign. The speaker referred in a fitting way the splendid leadership in the campaign and the wise counsel afforded by the presence of Dr. J. W. Harker and he accredited to Dr. Harker a large part in the success of the movement.

Appreciation Expressed.
Dr. Harker referred to the great work accomplished by the women; the city press for devoting large space to the campaign; the endowment committee under the guidance of its capable and tireless executive head, E. E. Crabtree; the preachers, the laymen and in fact all who helped along in any way. A special committee including Dr. F. A. McMarly, George E. Doying and C. R. Knellberg was appointed to send a special letter of appreciation to Mr. Strawn and it was voted to send acknowledgements to every contributor.

The meeting then took a more or less informal turn and nearly every one present had something to say and when the college girls marched in beating dust pans, dish pans, drums or anything else which would make a noise there was a great demonstration which lasted for fifteen minutes. The girls cheered Mr. Strawn, Dr. Harker, Dr. Harker, Mr. Crabtree, Mrs. Lambert and others who have had much to do with the success of the campaign.

During Friday there were many pledges sent through the mail and by telephone and doubtless others will be received today so that the total will probably go beyond the figures quoted. This will be very acceptable to the campaign management for there is certain to be some

shrinkage in a fund dependent upon more than six hundred pledges.

Nothing Succeeds Like Success.

One thing which helped greatly in the campaign which has been brought to a successful conclusion was the fact that everyone expected the campaign to succeed. It is half the battle to feel confidence and so everybody who gave the matter any attention or thought at all said "Well I don't know where the money will come from but I'll wager it comes. The word fell has nothing to do with Dr. Harker or the Woman's college." The citizens of Jacksonville have responded generously to the call. They have done their share in helping make the college a better and larger institution and they have faith in the pledge made last night by Dr. Harker that he will lead in the work of establishing here a really great Woman's college.

In the campaign Dr. Harker leaned heavily upon Dr. Harker and found him in truth a safe and wise counsellor, a leader, a diplomat in his special field of work. There were scores and hundreds of workers who deserve mention, for their loyalty and activity, both men and women and they were one accord can testify to the important part taken by E. E. Crabtree, chairman of the endowment committee.

SOCIAL EVENTS

Mr. and Mrs. Homer Ranson, west of the city, entertained a company of friends at their home Friday evening, the occasion being in honor of Miss Robertine Angelo, who is to be married this month. A very delightful evening was spent by the young people and in the two contests Miss Angelo proved the winner. A delicious supper was served by the hostess in which the predominating colors were pink and white. Aside from the guest of honor, those present were: Mr. and Mrs. Chester Schofield, Miss Ruth Leach, Miss Hazel Strawn, Miss Mahel Schofield, Albert Hopper, Layton McGhee and Roy Hopper.

FUNERAL NOTICE

There remains of Arthur Marsh arrived in the city Friday morning at 6:15 o'clock via the Chicago & Alton from Kansas City and were taken to the Reynolds undertaking establishment and later removed to the residence of Edward M. Dunlap, a nephew of the deceased, at 257 Finley street. Mr. Marsh was killed in a railroad accident and full particulars of the accident have not been received by relatives here.

Funeral services will be held this morning at 10 o'clock from the Dunlap residence in charge of Rev. H. D. French, pastor of State Street Presbyterian church, assisted by Dr. A. B. Morey. Interment will be made in Diamond Grove cemetery.

Advance spring styles in men's and youth's clothing at Knoles.

FUNERAL NOTICE

The funeral services of J. Harvey Long will be conducted Saturday morning at 10:30 o'clock from the family residence at 1144 West Lafayette avenue with interment in Jacksonville cemetery.

SKIN ERUPTION CAME ON CHEEK

Started in Pimples. Nearly All One Cheek Solid Sore. Very Fretful. Used Cuticura Soap and Ointment. Face All Healed Up.

Kingsley, Mich.—"Last May my thirteen months' old baby had a sore come on her cheek. It started in four or five small pimples and in two or three hours' time spread to the size of a silver dollar. It spread to her eye. Then water would run from the pimples and wherever that touched it caused more sores until nearly all one cheek and up her nostrils were one solid sore. She was very fretful. She certainly was a terrible looking child and nothing seemed to be of any use. Then I got some Cuticura Soap and Cuticura Ointment. She tried to rub off everything we put on so that we would sit and hold her hands for two hours at a time, trying to give the medicine a chance to help her, but after I washed it with Cuticura Soap and then put on the Cuticura Ointment they seemed to soothe her and she did not try to rub them off. It was only a few days before her face was all healed up, and there has been no return of the trouble since. We thought that baby's face would surely be scarred, but it is not." (Signed) Mrs. W. J. Cleland, Jan. 5, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston." Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence Upon The Future Infant.

Too much can not be said for a wonderful remedy, familiar to many women as Mother's Friend. It is more eloquent in its action than all

The health rules ever laid down for the guidance of expectant mothers. It is an eternal application that spreads its influence upon all the muscles, ligaments and tendons that nature calls into play; they expand gracefully without pain, without strain, and thus leave the mind care-free and in joyful anticipation of the greatest of all womanly ambition. Mother's Friend must therefore be considered as directly a most important influence upon the character and disposition of the future generation. It is a conceded fact that, with nausea, pain, nervousness and dread hindered, there is stored up such an abundance of healthy energy as to bring into being the highest ideals of those who fondly theorize on the rules that insure the coming of the perfect baby. Mothers' Friend can be had at any drugstore at \$1.00 a bottle, and it is unquestionably one of those remedies that always has a place among the cherished few in the medicine cabinet. Mother's Friend is prepared by the Bradfield Regulator Co., 139 Lamar Bldg., Atlanta, Ga., after the formula of a noted family doctor. Write them for a very instructive book to expectant mothers. See that your druggist will supply you with Mother's Friend. There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

TRADE REPORTS ARE SATISFACTORY

SUSTAINED ACTIVITY IN REAL TRADE, ESPECIALLY IN SECTIONS HAVING MODERATE WEATHER.

During Week There Has Been Wide Spread Visitation of Moisture Which Has Been Most Beneficial in the Grain Growing Areas.

New York, Feb. 28.—Dun's Review tomorrow will say: Reports from leading trade centers continue satisfactory in most instances. There is a large distribution of the principal products and sustained activity in retail trade, particularly in sections favored with good weather. Out side of these markets, which by reason of their larger and more sensitive speculative organizations have been directly affected by the important events happening in various parts of the globe, business maintains a steady, conservative attitude, even on the eve of the first change in the political control of our government in sixteen years.

The railways which are about to arbitrate their differences with the firemen and are still buying heavily of needed supplies, gained 3.2 per cent in gross earnings during the first three weeks of February.

The exceptional activity in iron and steel is maintained. The copper market, however, is depressed. The market for securities has again been more or less unsettled. The interest and dividend payments due March 1st are estimated at \$14,000,000 more than last year—the increase being mainly in industries. Time money continues to be firmly held but European gold demands are lessening. Foreign commerce continues to establish a large balance in this nation's favor.

Bradstreet's Report.

New York, Feb. 28.—Bradstreet's tomorrow will say: Events of the week have been mainly favorable. Prominent among these have been a widespread visitation of moisture especially beneficial in the grain growing areas hitherto reaching reporting deficiencies, a further expansion in spring jobbing trade and the appearance of a more cheerful feeling in the market securities both at home and abroad, the result of more settled conditions in international political affairs. The latter manifestation has revealed that the situation, temporarily at least, has been oversold and that some of the earlier depression at least, has been unreasonably accentuated. Industry has been fully as active as hitherto noted. In the lower Mississippi valley the smaller probability of floods has helped sentiment, sugar planters are reported to have generally made arrangements to finance the new crop and the area in cotton will be large. Even in the southeast the feeling is more confident. Among the industries the bull in demand for iron and steel noted some weeks ago has not been unwelcome. Mill operations are active and there is a fair quantity of new business offering. Business failures for the week ending Feb. 27th, were 272 which compares with 269 in the like week of 1912.

Bradstreet's Bank Clearings.

New York, Feb. 28.—Bradstreet's Bank Clearings Report for the week ending February 27th shows an aggregate of \$3,000,000,000 as against \$3,372,686,000 last week and \$3,110,625,000 in the corresponding week last year.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is that deprives the soul of mental suffering, for how poignant would be its grief to discover, in the height of its blooming glory, that a cancer had at its heart and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasant rewards, for those who seek her aid. In the years gone by falling hair and grayness have cost a dozen times the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send for literature for sample to The Herpicide Co., Detroit, Mich. REPROT FINDS THAT

MONEY TRUST EXISTS
(Continued from Page One.)

Washington, Feb. 28.—That a money trust does exist and that its powers should be curbed by stringent federal regulations as to the conduct of national banks, clearing houses, and stock exchanges were the findings of the house money trust committee set forth in the majority report of its investigations filed in the house late today.

The report, signed by Chairman Puff and the six other Democratic members of the sub-committee which conducted the money trust probe, is a voluminous document accompanied by two lengthy bills, one to regulate stock exchanges through forbidding the mails to exchanges which do not comply with federal regulations, and the other to regulate clearing house associations through forbidding national banks to join such associations unless federal regulations are observed. In the latter bill, proposed as an amendment to the national banking act, the conduct of national bank officers and directors is closely restricted.

Work of Untermyer.
The report, as submitted to the house, is largely the work of Samuel Untermyer, counsel for the committee, who composed the original draft of the report and who drew the bills presented. On the question of the existence of a money trust, the report is specific and detailed.

"It would of course be absurd," said the report, "to suggest that control of the bulk of the widely distributed wealth of a great nation can be controlled by any set of men. If that is what is meant by gentlemen who deny the existence of a money trust, your committee agrees with them. Such a thing of course would be impossible and its suggestion is ridiculous. It is not, however, necessary, that a group of men shall directly control the small savings in the banks nor the scattered resources of the country in order to monopolize the great financial transactions or to be able to dictate the credits that shall be extended or withheld from the more important and conspicuous business enterprises. This is substantially what has been accomplished and fairly represents the existing condition."

The great bank or banker "with access to the mainprings of the concentrated resources of other people's money," the report declares, can handle the vast issues of securities now demanded by the commercial and industrial development of the country. But the bank reserve system it is further contended, concentrates a large part of the funds of the smaller banks in the only public money market of the country, New York, where a group of men there have strengthened their interests in the various banking institutions, the report said.

"If therefore by a 'money trust' is meant 'an established and well defined identity and community of interest between a few leaders of finance which has been created and held together through stock holdings, interlocking directorates and other forms of domination over banks, trust companies, railroads, public service and industrial corporations and which has resulted in a vast and growing concentration of the control of money and credit in the hands of a comparatively few men' your committee, as before stated, has no hesitation in asserting as the result of its investigation up to this time that the condition thus described exists in this country today."

To say that the domination of this group over the money and credit of the country controlled by our largest financial institutions and that is available for financing large security issues for the current needs of our principal interstate corporations and of the individuals conducting great enterprises and for stock exchange loans, is at least as effective as for instance is the control of the United States Steel corporation over the steel industry, is an understatement of the situation, although the methods by which this control is effected and held together are of course essentially different and of a more loose character."

Money Trust Membership.
Accepting this as the long sought "money trust" the committee outlined the membership as follows:
"The parties to this combination or understanding or community of interest by whatever name it may be called, may be conveniently classified, for the purpose of differentiation, into four separate groups."

"The first, which for convenience of statement we will call the inner group, consists of J. P. Morgan & company, the recognized leaders, and George F. Baker and James Stillman in their individual capacities and in their joint administration and control of the First National bank, the National City bank, the Bank of Commerce, the Chase National bank, the Guaranty Trust Co., and the Bankers' Trust company, with total known resources, in these corporations alone, in excess of \$1,300,000,000, and of a number of smaller but important financial institutions. This takes no account of the personal fortunes of these gentlemen."

Closely allied with this inner or primary group and indeed related to them practically as partners in many of their larger financial enterprises, are the powerful international banking houses of Lee, Higginson & Co., and Kidder, Peabody & Co., with three affiliated banks in Boston."

"In New York city the International banking house of Messrs. Kuhn, Loeb & Co., with its large foreign clientele and connections, whilst only qualifiedly allied with the inner group, yet through its close relations with the National City bank and the National Bank of Commerce and other financial institutions, with which it has recently allied itself, has many interests in common, conducting large joint account transactions with them, especially in recent years, and having what virtually amounts to an understanding not to compete, which is defended as a principle of 'banking ethics.' Together they have with few exceptions pre-empted the banking business of the important railways of the country."

"In Chicago this inner group associates with and makes issue of securities in joint account and through underwriting participations primarily with the First National bank and the Illinois Trust & Savings bank, and has more or less friendly business relations with the Continental and Commercial National bank, which participates in the underwriting of security issues by the inner group. These are three largest financial institutions in Chicago, with combined resources of \$561,000,000."

"Radiating from these principal groups and closely affiliated with them are smaller but important banking houses, such as Kissel, Kinsien & Co., White, Weld & Co., and Harvey Fisk & Sons, who receive large and lucrative patronage from the dominating groups and are used by the latter as jobbers or distributors of securities, the issuing of which they control, but which for reasons of their own they prefer not to have issued or distributed under their own names. Messrs. Lee, Higginson & Co., besides being partners with the inner group, are also frequently utilized in this service because of their facilities as distributors of securities."

Smaller Banks.
"Beyond these inner groups and sub-groups are banks and bankers throughout the country who co-operate with them in underwriting or guaranteeing the sale of securities offered to the public and who also act as distributors of such securities."

"The patronage thus proceeding from the inner group and its sub-groups is of great value to these banks and bankers, who are thus tied by self interest to the great issuing houses and may be regarded as a part of this vast financial organization."

Concluding its findings as to the existence of a money trust the committee said:
"Your committee is convinced that however well founded may be the assurances of good intentions by those now holding the places of power which have been thus created, the situation is fraught with too great peril to our institutions to be tolerated."

Discussing the control of issues of securities by this so-called money trust, the report said:
"Through their power and domination over so many of the largest financial institutions, which, as buyers, underwriters, distributors, or in-

vestors, constitute the principal first outlets for security issues, the inner group and its allies have drawn to themselves practically the sole marketing of the issues of the greater railroad, producing and trading, and public utility corporations, which in consequence have no open market to which to appeal; and from this position of vantage, fortified by the control exerted by them through voting trusts, representation in directorates, stock holdings, fiscal agencies, and other relations, they have been able in turn to direct the deposits and other patronage of such corporations to these same financial institutions, thereby strengthening the instruments through which they work."

Interlocking Directorates.
The report condemned interlocking directorates and consolidations, and devoted considerable space to a statement showing the development of control through those agencies in New York institutions.

"It is manifestly improper," said the report, "and repugnant to the theory and practice of competition that the same person or members of the same firm shall undertake to act in such inconsistent capacities."

The report condemns the use of voting trusts in the control of financial institutions, and criticizes private bankers in the capacity of depositaries for interstate corporations.

The recommendations of the committee, as set forth in the report, and as embraced in the bills accompanying the report, urged the following reforms:

"Clearing house associations of which national banks are members should be required to become bodies corporate of the states in which they are located and every solvent and properly managed bank or trust company should have the right, enforceable at law, to become and remain a member."

"Regular periodical examinations of members by a committee of the Clearing House association should be prohibited and instead all such examinations should be conducted by public authorities."

The committee would give the government supervision of clearing house certificates and would prohibit the fixing of rates by clearing houses for the collection of out of town checks, discount or interest on deposits."

New York Stock Exchange.
As to the New York Stock Exchange the committee recommended:

"That congress prohibit the transmission by the mail or by telegraph or telephone from one state to another of orders to buy or sell or quotations or other information concerning transactions on any stock exchange, and also prohibit national banks from buying or selling or lending upon the security of stocks or bonds listed on any stock exchange unless such exchange were a body corporate of the state or territory in which it is located."

"Require corporations whose securities it (the stock exchange) lists" the report continues "to make a complete disclosure of their affairs, in particular any commission paid to promoters, middlemen or bankers, out of any such security interest or the proceeds thereof."

"Require a margin of not less than twenty per cent on all purchase of stock."

"Prohibit as far as possible the execution of simultaneous or substantially simultaneous orders proceeding from the same person or persons to buy and sell the same security for the purpose of creating an appearance of activity therein, and any orders, the purpose of which is to inflate or depress the price of any security."

"Prohibit members from pledging securities purchased and carried for a customer for an amount greater than the unpaid portion of the purchase price, whether with or without the consent of such customer."

"Prohibit members from lending to other members securities carried by the former for customers, whether with or without the customers' consent."

"State in its charter the conditions on which issues of securities shall be admitted or removed from the trading list and provide for a judicial review of its action in this regard."

"Keep books of account, showing the actual names and transactions of

customers and give access thereto to the postmaster general."

Recommendations.
Among the recommendations for the restriction of national banks the committee set forth 22 regulations. These were:

The prohibition of the consolidation of two or more banks without the approval of the comptroller of the currency; prohibition of directors serving on the boards of more than one bank in the same community or locality; forbidding ownership of stock in one national bank by any other bank or trust company; forbidding voting trusts in the control of banks; providing for cumulative voting in the election of national bank directors; forbidding security holding companies as adjuncts to national banks; forbidding interstate corporations from constituting any banking establishment their sole fiscal agents; forbidding interstate corporations to deposit funds with "unsupervised, unregulated, private bankers;" forbidding national banks from engaging in underwriting syndicates, allowing national banks to invest 25 per cent of their capital in state, city, county or corporation mortgage bonds, if the corporation issues have paid interest regularly for five years; reform of the system of railroad reorganization to conform with the scheme outlined in the British law which places reorganization under the control of the courts, giving the interstate commerce commission the power to supervise reorganization plans; placing railroad security issues under the control of the commission and providing for competitive bidding of such issues; forbidding officers of national banks from borrowing from their banks; providing for public loans made by a director from his bank; forbidding national bank officers and directors from participating in underwriting syndicates; making it a crime for officers or directors to accept any compensation for loaning a bank's funds; limiting the number of directors of national banks to not less than five or more than thirteen; providing publicity for the assets and for the stockholding lists of national banks."

The two bills presented by the committee deal with the national banks and with stock exchanges. The first embodies the committee's recommendation as to control of clearing houses, cumulative voting for directors, forbidding loans to aid in combinations to restrain trade; limiting the number of bank directors, regulating loans by national banks to officers and directors; forbidding interlocking directorates in banks and national banks or officers from participation in underwriting syndicates, and providing a fine of \$3,000 and imprisonment for two years for violation."

The second bill embodies all of the recommendations of the committee as to stock exchanges and fixes penalties for violation."

In many cases 'tis the kidneys. Doan's Kidney Pills are for weak kidneys.

Jacksonville citizens testify. W. C. Osborne, 455 S. Clay street, Jacksonville, Ill., says: "Doan's Kidney Pills permanently cured me of kidney trouble when I used them in 1909. About two years I suffered from rheumatic pains in my back. I was lame and my kidneys did not do their work as they should. I heard other people speak highly of Doan's Kidney Pills and deciding to try them, I got a supply at Armstrong's Drug Store. In several weeks they cured me. I have had no further trouble."

NOTICE

To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD". It is far superior to any Brand of Hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat10.00 to 14 per cent
Crude Protein52.50 to 60 per cent
Crude Fibre1.00 to 3 per cent
Phosphate10.00 to 12 per cent

What Is

"Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration. It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstark, or alfalfa meal.

TANKAGE recommended by all leading experiment stations. It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above. It is the ideal feed to balance rations.

What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby, saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows heter proportioned hogs, more meat, a d more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink. While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
perseverance, which finally secured for
him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

NO DEMAND FOR STOCKS OF ANY KIND

**PRICE MOVEMENTS WERE
SMALL AND TRADING WAS
DULL.**

Only Wide Fluctuations Were
Among the Less Stable Stocks—
Money Market Shows Firmer
Tendency.

(By Associated Press.)
New York, Feb. 28.—There was
no strong demand for stocks today
from any quarter. Price movements
were small and variable and trading
was dull with the change in admin-
istration at Washington only a few
days off traders were inclined to let
the market drift. The more press-
ing requirements of the short inter-
est appeared to have been satisfied,
thus curtailing an important factor
in the recent upturn. The only wide
fluctuations of the day were among
the less stable stocks such as Can-
nino, Woolworth, Sears-Roebuck
and Goodrich, which fell sharply in
the early part of the day.
The money market showed a firmer
tendency today.
Call money touched 4 1/2 per cent,
the highest in some time.
German bankers were bidding ac-
tively for money. As much as five
per cent for thirty days was offered
with few acceptances.
Local bankers look for a decided
stiffening of rates within the next
few weeks, basing their opinions
largely on the strained monetary
conditions abroad, further proof of
which was furnished by the bank of
England's latest statement. Tight-
ening of call rates today was attrib-
uted to preparations for March in-
terest and disbursements tomorrow.
Declaration of 24 per cent back
dividends on Canning preferred after
the close of the market yesterday
proved to have been discounted.
Both common and preferred sold off
sharply, although subsequently they
recovered part of the loss. Balti-
more & Ohio was depressed com-
paratively by a further hitch in plans
for the new bond issue.

IN SUCH PAIN WOMAN TORE HER CLOTHES

Testifies She Was Restored
to Health by Lydia E.
Pinkham's Vegetable
Compound.

Malone, N. Y. — "Lydia E. Pinkham's Vegetable Compound has certainly done me a lot of good. I first heard of it when I was a girl and I always said that if I ever had female trouble I would take it."

"I suffered from organic inflammation and would have spells when I would be in such pain that I would tear my clothes. One day my husband got the neighbors in to see what the matter was but they could not help me. My first thought was for Lydia E. Pinkham's Vegetable Compound and I sent my husband out for it and took it until I was entirely cured. I am a woman of perfect health and my health and happiness came from Lydia E. Pinkham's medicine. You may rest assured that I do all I can to recommend your wonderful medicine to my friends."

— MRS. FRED STONE, Route No. 3, Malone, N. Y.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

VETERANS OF SOLDIERS HOME ARE DECLARED INSANE

Seven Will Be Taken to State Institutions to Receive Treatment—
Dr. Norbury Visits Them.

Quincy, Feb. 28.—Seven inmates of the Soldiers' Home yesterday afternoon were declared insane by a commission in the Adams county court and arrangements will be made to take the patients to the state asylum at Jacksonville and Bartonville for treatment. The board of inquiry was composed of Judge Lyman McCarl, who presided; County Clerk Jack Connery, State's Attorney Fred Wolfe, who tried the cases; Deputy Sheriff Frank McNay, who took charge of the patients, and Drs. E. E. Ehle and H. F. Litchfield, who made the examinations.

The patients and ages are as follows: John Blumenstock, 75; Edwin Tucker, 67; Martin Follum, 74; Ephram S. Brokaw, 79; Albert D. J. Cashier, 69; Henry Stillwell, 70; George W. Diebert, 75.

The state has passed a law to care for all sane persons in institutions and it was for this reason that the board of inquiry yesterday conducted the cases. The county last week adjudged a large number insane, who are inmates of the county farm.

Dr. Norbury, state alienist and widely known as an expert on insanity, came to Quincy yesterday in his official capacity and will visit the county farm to further investigate the sanity of the inmates who were declared of unsound mind. He had a conference with Judge McCarl and County Clerk Jack Connery and accompanied the county officials to the Soldiers' Home yesterday afternoon. He will go to the county home, probably today and return to Springfield tomorrow.

Dr. Norbury is a member of the board of administration and in company with other committeemen, he inspected the county jail several months ago, prior to rendering a decision that the proposed improvements do not meet the requirements of the board from a standpoint of sanitation.

Only Unwise People Tolerate CATARRH

Here is a sure way to get rid of Catarrh; hawking, snuffling, and all misery caused by the Catarrh germs. Get a HYOMER outfit to day, follow the instructions and breathe five times a day deep into your lungs the germ killing air through the little inhaler.

At night just before going to bed use the vapor treatment as directed. This treatment is prescribed by the best Catarrh Specialists in America and Europe to destroy Catarrh germs.

Booth's HYOMER is a Australian Eucalyptus and other splendid antiseptics. A complete outfit which includes inhaler is \$1.00; separate bottles, if the first does not entirely cure, can be obtained for fifty cents, and money back from Coover & Shreve if you are dissatisfied. Just breathe it—no stomach dosing.

TAX PURCHASER'S NOTICE.
February, 8, 1913, to Totten Livingston. You are hereby notified, that at a sale of real-estate made by W. B. PETITION FOR ORDER TO SELL TIMBER

Elbert W. Ball, Conservator, vs. Eva L. McCormick, insane, to all persons concerned.

Notice is hereby given, that Elbert W. Ball, as Conservator of the estate of Eva L. McCormick, insane, has this day filed in the office of the Clerk of the County Court of Morgan County, Illinois, his petition praying for an order of said County Court authorizing and directing him to sell for cash in hand, at public or private sale as to him may seem best, all the saw timber (except the oak, ash and elm timber heretofore sold), on the following described premises to-wit:

The east half of section ten (10) the whole of section eleven (11), the west half of section twelve (12), and the west half of section (14), all in township nineteen (19), north and range three (3) west in Sunflower county, Mississippi, comprising 1605 acres, more or less, and being the property of his said Ward, Eva L. McCormick; and the court has set Monday, April 7th, 1913, at 9 o'clock a. m., at the County Court Room in the City of Jacksonville, County of Morgan and State of Illinois, as the time and place when and where he will hear said petition and any objections thereto at which time and place any person interested may appear and object to such order, if he sees fit.

Witness: C. A. Boruff, Clerk of said Court, and the seal thereof at Jacksonville, Illinois, this 21st day of February, A. D., 1913.

MICHAEL DRISSEL DEAD.

Former Player of the Jacksonville "Blues" Passes Away.

Drissel—Entered into rest on Wednesday, Feb. 26 at 5:20 a. m. Serget. Michael Drissel, beloved husband of Bertha Drissel, aged 49 years.

The above obituary is taken from Friday's Globe-Democrat and refers to a man once well known and esteemed in Jacksonville. As "Mike" Drissel he was the receiving end of the famous battery, Fellis and Drissel who in 1885, as members of the famous old "Blues" won renown that was more than local. Since 1894 Mr. Drissel has been connected with the St. Louis police force and as will be seen above rose to the rank of sergeant. He was a most capable player and was always in the thick of every contest in which the Blues engaged. As we recall it at its best, the day the team played its famous game with the Buffalo League nine, it was made up as follows: Fellis, pitcher; Drissel; catcher; Gruber, first base and captain; Sharninghausen, second base; Reinagel, short stop; Patsy Tebeau, third base; Fogarty left field; King, center field; Jack O'Connor, right field. King alternated with Fellis in the box and O'Connor was paired with "Silver." Fellis and Drissel were signed to play with Buffalo the following season but never reported and so were placed on the blacklist which ended their career on the diamond. O'Connor, King and Tebeau became famous and both of the latter are now men of property in St. Louis. Mr. Drissel was always a quiet but aggressive player and well liked. His surviving relatives will have the sincere sympathy of the old time fans in this city.

No More Constipation

It's Me for Olive Tablets!

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and Calomel's old time enemy, discovered the formula of Olive Tablets while treating patients for chronic constipation and torrid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing laxative.

No gripping is the "keynote" of these little sugar-coated tablets.

They cause the bowels and liver to act normal. They never force them to unnatural action.

Dr. Edwards' Olive Tablets are so easy to take that children do not regard them as "medicine" at all.

If you have a "dark brown mouth" now and then—a bad breath—a dull tired feeling—sick headache—torpid liver and constipated, you'll find quick, sure and only pleasant results from one or two little Olive Tablets at bedtime. They're perfectly harmless.

Thousands take one every night just to keep right. Try them.

Every little Olive Tablet has a movement all its own. 10c and 25c per box.

TOLD OF PIONEER MEDICAL SCHOOL

DR. BLACK ADDRESSED CHICAGO SOCIETY OF ILLINOIS COLLEGE.

Annual Dinner Was Held Friday Night at the University Club—Work in Medical Department Begun in 1843—Permanent Quarters Established in Building Now Part of J. W. Bowen's Home.

At the annual dinner of the Illinois College Chicago Society held Friday night at the University Club, Dr. Carl E. Black made an address "A Pioneer Medical School" representing the early history of Illinois College. The address was profusely illustrated with the stereopticon views which added greatly to its interest. Some paragraphs from the address are given herewith.

The Yale Band. "The sound of the woodman's ax was still ringing out the blows to hew the logs for the settlers first cabin, when consecrated band of Yale students came to 'Illinois'. In December 1829, when Jacksonville had only 600 to 800 inhabitants the scheme of the educational pioneer, Rev. John M. Ellis, was consummated by the crisscrossing of Illinois college and the opening of its first building, where in January 1830 the first class of nine students assembled on the 'hill' and met with the solitary instructor and all there was of the faculty—Rev. J. M. Sturtevant, who opened instruction that first morning with the significant words, 'We are here to day to open a fountain where future generations may drink'.

Various Departments Founded. "The college prospered so well that a little more than ten years after we find the board of trustees resolving: 'That departments of Law, Medicine and Theology be added to the existing departments in this institution, and that professors be appointed in these several departments as soon as shall be expedient.' In June 1843, arrangements were completed for the medical department and a faculty was elected consisting of David Prince of Quincy, and Samuel Adams, M. D., and Henry Jones, M. D., of Jacksonville. The first lectures began November 1, 1843, and continued sixteen weeks. This length term of instruction was followed by all the American schools until the graded course of instruction was introduced at a comparatively recent date by Chicago Medical College. This actual term of lectures however did not represent all the student's medical instruction. Much teaching was done privately by practicing physicians, in the olden times it being considered the duty of each doctor to 'take a student'. The medical school had an attendance of fourteen students the first year and graduated six men with the degree of M. D. They were full of desire for students were at work in other departments of the school. Of the first class of fourteen, five graduated in 1845 and three did not receive their degree until 1846.

Requirements For M. D. Degree. "One reads with great interest the requirements for receiving the degree of M. D. They were full of desire for a high quality of man from an educational point of view and yet are widely lacking in positive statements. Educational facilities were few and it would have been impossible to insist on anything like a uniform standard. Therefore while 'two full courses of medical lectures' were offered and one course was required as the basis for the degree of M. D., yet there was an N. B. to the effect that 'this institution does not require any definite term of study as a condition of graduation.' All that was really required was a knowledge of the subject."

Few things could be of more interest than the statement of the 'advantages offered by the institution. The skeletons, anatomical preparations and anatomical charts are suggestive of the meager equipment of medical books and medical charts then attainable. Certainly the facilities of a medical college of three rooms and four professors seems to us to present very meager advantages when compared with the modern medical school with its graded course of instruction and its hundred or more instructors; its ten or fifteen laboratories; its great clinics in charge of specialists and its large

library. Yet we see in the statements of the catalogues of this early school the first rays of light of a university with its interchange of courses and reciprocity in study.

Permanent Quarters. "In 1844 permanent quarters were secured for this department. Medical hall as it was called is still standing, having been later remodelled as a dwelling house and being at present the residence of John Bowen on Mound and Lincoln avenues. The first floor had a small laboratory and a clinic room and a large dissecting room, and the second floor had a small room for the professors and a large one where the lectures were given. This building which was not paid for out of the funds of the trustees may have been erected by donations from the generous medical men who gave so much of their time for instruction. 'The school seemed to prosper as time went on. Five students were graduated in 1845 and thirteen in 1846. In 1847 the students numbered thirty-nine which was more than the total in the college proper and was more than one-third of the total number of students in the institution including the preparatory department. At this time the trustees took action regarding the appointment of professors in the medical department looking to improvement in the quality of teaching by securing those of more experience. Few of the physicians of the day had the education necessary and many who had the education were in the country for purposes of speculation rather than the practice of their profession. In the catalogue of 1845 many improvements were mentioned in equipment for the study of anatomy, materia medica and chemistry and facilities for dissection.

Cause of Discontinuance Unknown. "There seems to be little information as to why the college of medicine was discontinued. A catalogue of the medical school was issued in January, 1848, containing announcements of the faculty and courses of study for the ensuing year, but as far as we are able to learn from the records of the college extant, or from other sources, no medical classes were held after the spring of 1848. Just why the project, which had apparently had so satisfactory a beginning was so abruptly discontinued does not appear. It does not seem to have been on account of debt, for there is nothing in the records of the board of trustees to indicate the existence of debt incurred by this department. Nor would it appear to have been on account of the pressure of competition, for at the date of the discontinuance of this school, only one other, Rush Medical College in Chicago, had been established in the state. The attendance seems to have been satisfactory and in the main on the increase. In this school, like many others of its day, there seems to have been a mortal conflict between the faculty of the college proper and the sciences of which medicine even then formed a conspicuous part. The professors of mathematics, of Latin and Greek, and of the gentle and inanimate sciences of chemistry, botany and geology seem to have felt a repugnance for the men of the dissecting room. From all the writer has been able to learn the 'Anatomy Question' was more important than any other single factor in discontinuing this pioneer medical school.

"Among the most notable of the graduates of this school was Dr. Samuel Willard, who died recently at the age of 91 years. He was graduated in medicine in 1848 and from the college proper in 1843. He attended the meeting of the Illinois Medical Society when this paper was presented and made an interesting talk on the subject."

Mrs. S. S. S. Van Buren St., Kingston N. Y., (full name furnished on application), had such decided benefit from using Foley's Honey and Tar Compound that she shares her good fortune with others. She writes: "Foley's Honey and Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh, how many people I have recommended it to." City Drug Store—J. A. Obermeyer.

J. M. Irwin, head of the J. M. Irwin Printing company of Quincy, had filed a suit in the circuit court in which he asks damages to the extent of \$2,500 against Julius Kesold, W. H. Gay, W. Guy Noll, E. W. McClure and Joseph Sheridan, all strong Progressives and leaders of the Bull Moose clan in Quincy. The suit is an interesting one and relates to the publication of the 'Progressive' organ, 'The National Progressive,' during the presidential campaign last fall.

Chronic Stomach Trouble Cured. There is nothing more discouraging than a chronic disorder of the stomach. Is it not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.

WOMAN ATTACKED BY DOG. Friday afternoon while on her way up town, Mrs. B. C. Madison of 1146 East Independence avenue, was attacked by a dog at the corner of East Lafayette avenue and Myrtle street. The dog jumped at her, seemingly in an effort to bite her hand, but she jumped back and the animal tore her coat. The dog was driven away by a man, and aside from her coat being torn and suffering a nervous shock, Mrs. Madison was uninjured.

Purviance-Echols.

Married at the bride's home, DuQuoin, Ill., Feb. 26th, Morris T. Purviance, Springfield, formerly of Jacksonville and Grace Adele Echols, DuQuoin. The contracting parties were former students at the I. S. D., Miss Echols being a graduate of 1907. The groom is employed as a printer in Springfield where the young couple will make their home.

Fernandes-Haley.

The marriage of Mr. Roy Fernandes and Miss Myrtle Haley of Pond Creek, Oklahoma took place Thursday evening at 7:30 o'clock at the home of the groom's parents, Mr. and Mrs. Simeon Fernandes, 620 North East street, only immediate relatives of the young people being present. The attendants were Mr. and Mrs. Edward Jackson, the latter being a sister of the groom. The ceremony was impressively performed by Rev. J. W. Rhoads and afterward an elegant luncheon was served.

Mr. and Mrs. Fernandes are highly respected young people and have a wide circle of friends. The groom is a member of the concrete contracting firm of Fernandes' Sons. The bride is a very attractive young woman and is warmly esteemed by all who know her. They have gone to housekeeping in their new home, at 512 North Ashland avenue, where many good wishes will follow them for a happy married life.

Anders-McKean.

Howard Anders and Miss Lois McKean, both of this city, went to Virginia Thursday morning and were married at the court house at that place at 10 o'clock by Judge Martin. The young couple was accompanied to Virginia by Mrs. Jesse McCarthy, a sister of the groom, who witnessed the ceremony. The bride until a few days ago was an operator at the local Central Union Telephone office. The groom has for several years been employed at the Central Union telephone office and has been serving as repair man at the local office. Both of the young people have a large circle of friends who will extend their best wishes. For the present they will reside at the home of his sister, Mrs. Jesse McCarthy.

BIRTHDAY SURPRISE.

Friday being the birthday of Miss Mary Patterson, a number of her neighbors and friends gave her a very pleasant surprise in the evening. The self-invited guests gathered at the home of Mr. and Mrs. G. W. Patterson and went in a body to her home five miles northeast of Jacksonville. The guests were received most cordially by Miss Patterson and the evening proved delightful in every way. The guests took along oysters with all the trimmings and this part of the program was also greatly enjoyed.

The following were among those present: Miss Mary Patterson, Mr. and Mrs. E. G. Dewees, Mr. and Mrs. W. A. Davidson, Mr. and Mrs. G. W. Robertson, Mr. and Mrs. F. M. TWENTY FIVE YEARS IN BUSINESS HERE

GAY'S RELIABLE HARDWARE STORE ROUNDS OUT QUARTER CENTURY.

Established in 1888 the Store Is Now One of the Best Known in Central Illinois—Business Has Increased With Each Passing Year.

It was just 25 years ago today, March 1st, (1888) that George S. Gay and the late George Hayden opened a hardware store in the building now occupied by George S. Gay. The firm name at first was the George Hayden Hardware Co., but in a short time the name was changed to Hayden & Gay and so continued for twelve years when Mr. Hayden's health failed and January 1, 1901 he sold his interest to Mr. Gay. During the twelve years succeeding that change Mr. Gay has been the sole proprietor. The firm commenced business in a small way when compared with the business, stock and quarters of George S. Gay's store. In the beginning Mr. Hayden, united his stock of guns and ammunition which he had carried in the second story of the building now occupied by Miller brothers, when George and Alfred Hayden were in the grocery business—with the stock of hardware which Mr. Gay supplied. The fact that Mr. Hayden had for 20 years been in the dry goods and grocery business, the firm of Russell & Hayden being well and favorably known far and wide, made the new firm prominent. Coupled with this the life time experience of George S. Gay in the hardware business gave the new firm an excellent trade right from the very start and through all the years since the business has been growing. Hundreds of customers have been added to the regular clientele of the store each year and the treatment accorded them has been such that they remain as permanent customers and today Geo. S. Gay's Reliable Hardware is classed with Jacksonville's largest business houses.

Through the years "Gay's Reliable Hardware" has been the slogan of the store and no few words could better express the foundation on which the large business of this store has been built. The people of Jacksonville, the farmers of Morgan and surrounding counties have come to associate the words "reliable" with everything connected with the Gay hardware store and they know that in dealing there they can absolutely rely upon proper and honest treatment being accorded them.

Courtesy to customers of a never failing kind, honest values, and honest prices are all included in that word "reliable"—and these three things have done much for the upbuilding of the store.

The Gay store has the reputation of doing the largest wire fence business of any hardware store in the state of Illinois.

Car load after car load and one might truthfully say train load after train load of American wire fence have been received by Mr. Gay and distributed largely to the farmers of Morgan county.

During a period of 25 years there are always many business changes and in all lines. If one considers the business houses there are in Jacksonville today and then counts up how many of these same firms were in business 25 years ago, he will be greatly impressed with the changes that a few years make. Since the Gay hardware store was founded there have been eight hardware stores established, none of which are now here. Familiar names in this line of business during the period mentioned are Wadsworth & Matheson, Buell & Beatley, John B. Lindsay, Carter and Kuechler, Hayden & Gay and H. L. & B. W. Smith.

Twenty-five years of efficient service; twenty-five years of honest and reliable dealing; twenty-five years of growth and progress—it's a great and good record for Gay's Reliable Hardware.

ILLINOIS WINS FRESHMAN DEBATE

BRADLEY INSTITUTE DEFEATED BY LOCAL TRIO.

Representatives of Institutions Discuss the Commission Form of Government—Illinois Gets Two of the Judges.

(Special to Journal)

Peoria, Feb. 28.—Illinois college of Jacksonville won the debate here tonight from Bradley Polytechnic school, in one of the closest debates ever held by representatives of freshmen classes. Illinois upheld the affirmative side of the following question: "Resolved. That the Des Moines system of commission form of government should be adopted by the cities of Illinois." Illinois was represented by Messrs. Edward Bullard, Clarence Kimmel and Clifford Dixon; Bradley by Messrs. Jarry Schock, Hugh MacDonald and Richard Graner. Illinois showed up strong in rebuttal work and won two out of the three judges. A reception was given to the visiting debaters after the contest.

Herman Dansforth of Washington, H. F. Trapp of Lincoln and Prof. Benjamin Smith of Pekin were the judges.

When Burton Holmes recently gave his celebrated travelogue on "Panama" at Orchestra hall, Chicago, he was seriously interrupted by continual coughing of the audience. No one annoys willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey and Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. City Drug Store—J. A. Obermeyer.

ATTENTION, I. O. O. F. NO. 4.

SEALY

'The Mattress That Puts Them All to Sleep'

NOT TUFTED,

GUARANTEED 20 YEARS

Has been tried and approved by half a million people. No better mattress could be made at any price, yet it sells within the reach of everybody.

At first sight it is hard to make people understand the wonderful qualities of a Sealy Mattress.

It looks different and feels different from any mattress.

It violates all the hoary-headed mattress traditions. Instead of being straight and dotted with tufts, it is smooth and curved. Instead of being hard to the touch, it yields to pressure with the gentleness of a fine pneumatic cushion, and yet with none of the clingingness of the old feather bed.

One has to sleep on it to understand why it is that so many who have tried the Sealy mattress refuse to use any other kind.

We are willing to let customers prove this mattress out for themselves, to send one to your home and to take it back any time within 60 days, if it is not all you hoped it would be.

You are the sole judge of its merits. There will be no quibble about it. Any mattresses returned are sent right back to the factory and are not sold again.
